Caster Kit Engine Display Stand Kit P/N 173615

Preface

This kit provides a high quality caster set to add mobility to large engine display stands P/N 173520, 173521 and 174070 for 55 H.P. thru 235 H.P. outboard motors.

3. Remove the cap and leveler from each arm of the base and install the caster and bolt. Tighten securely. See Figure 3.

Assembly

1. Install the four star washers on the bolts provided.
2. Insert the bolts through the casters as shown in Figure 2.
