Starter Assembly P/N 393617

Safety Considerations

These instructions will alert you to certain things you should do very carefully. If you don't, you could . . .

- hurt yourself, or bystanders
- hurt boat operator, passengers
- damage the machinery

Safety symbol, , appears next to information important to prevent you and others from being hurt.

 **Remove shipping retainer from shoulder screw prior to installing starter assembly. Use care to hold starter halves together until mounting screw is engaged in mounting hole.**

After starter is securely mounted, remove loop from rope and feed rope through opening in lower motor cover. Place bumper and handle over rope and tie a knot as shown in illustration.
