

Engine Display Stand

P/N 775367

Bombardier Recreational Products (BRP)

Preface

This display stand is designed to securely and attractively support and display one outboard motor 2 thru 35 models, 15" and 20" models.

Assembly

1. Install the four bumpers into their sockets on the bottom of the display stand base. See Figure 1.
2. Install the support stand into the base and secure with the two screws, washers and nuts provided. See Figure 1.
