Trim and Tilt Model 55

The compact trim and tilt model 55 conveniently matches outboards from 15 to 55hp, weighing up to 250lbs. Perfectly designed for pontoons, fishing or pleasure boats. Powered by 12v actuator. 12 ft of cable connects to a push button water resistant up/down control. Made of 713 cast aluminum and protected with rich zinc primer and black powder coat. BIA bolt pattern.

Overall dimensions 15" x 10.5" X 7". Wgt 25lb.

To provide adequate support for your Panther bracket, the Transom side of the bracket must be fully covered by the boats transom.

Included are the relay control with harness, 12 foot corded up/down switch, owners manual and all instructions.
