Integral Trim and Tilt

The Panther Integral Trim and Tilt is designed for use with Johnson and Evinrude, 20HP to 35HP two-stroke two cylinder outboard motors, made between 1976 and 2004 that have a side tilt locking lever. Made to provide trim and tilt features on motors that don't have factory trim and tilt. The Panther Integral Trim and Tilt fastens directly to your existing motor bracket without modification.

The Panther Integral Trim and Tilt offers a patented break-away safety feature that releases the motor in the event of striking a log or any underwater stationary object.

Product weight: 17 lbs.

Included are relay control and harness, 12 foot corded up/down switch and owners manual.
